

CONSTRUCTION | BUILDER'S RISK GROUP

**Engle Martin & Associates** has industry-proven expertise in the construction and builder's risk sector when claims arise. Our team of Executive General Adjusters, backed by national resources, is prepared to meet ever-changing exposures, coverage terms and claim challenges. Since each builder's risk claim is unique and different, it is vital to control the claim from the very beginning and being involved in advanced loss planning is the Engle Martin differential. Our adjusters invest their time upfront, jointly developing strategies between the policyholder, brokers and carriers as the cornerstone of our service relationship to all stakeholders.
